## 2026 Energy Efficiency Incentive Form

This institution is an equal opportunity provider.

### ELIGIBILITY CRITERIA

- ❖ New equipment must be installed on cooperative's lines.
- ❖ Incentive not to exceed the equipment cost.
- ❖ Incentives not allowed for a measure and a component of that measure. For example, if an air source heat pump has a variable speed blower motor, the air source heat pump qualifies for an incentive but not the variable speed blower motor.
- ❖ Incentives are in place through December 31, 2026. Funds are limited so submit required documentation as soon as possible.
- ❖ Required documentation must be submitted within 3 months of install date. If submitted after December 31, 2026, equipment will be considered for the 2027 incentive if offered.
- ❖ Electric Boiler, ETS, and Plenum Heaters must be placed on JREC's load management program.
- ❖ Additional eligibility criteria may apply. Program is subject to change or cancellation without notice. Contact cooperative for details.
  - ✓ This incentive form
  - ✓ A copy of your receipt or invoice for each item with purchase prices(s) circled
  - ✓ Documentation showing the equipment has been installed

Submit required documentation to: **PO Box 99, Ladysmith WI 54848**
