11. Perform any other responsibilities the Board may designate.

IV. RESPONSIBILITIES OF THE GM/CEO.

A. Responsibilities.

Under the Board's direction, guidance, and oversight, and recognizing that ultimate responsibility and authority rests with the Board, the GM/CEO shall have the authority to, and shall fulfill, the following responsibilities:

1. Implement the Cooperative's mission, objectives, and strategic priorities with periodic updates to the Board in a formal planning process;
2. Serve as the authorized spokesperson of the Cooperative to develop and maintain public, business, and political alliances that may be beneficial to the Cooperative and its members;

14. 15. Ensure that appropriate accounting and recordkeeping practices, risk management practices, cyber security practices, and internal controls are in place and working effectively;
16. Select and appoint consultants and negotiate contracts or agreements for services of such consultants, provided such action is within the limitations of the work plan and budget;

19. Identify and recommend to the Board an appropriate person to serve as acting GM/CEO in an extended absence of the GM/CEO as further explained in Board Policy No. 2; and
20. Perform any other tasks as outlined in the GM/CEO job description or as delegated by specific resolution of the Board.

B. Delegation of Authorized Responsibilities.

Under the Board's direction, guidance, and oversight, the GM/CEO may delegate the above authorized responsibilities as follows:

1. Except as otherwise limited by law, by the Cooperative's Articles of Incorporation or Bylaws, or by any other Board policy, the GM/CEO is authorized to delegate specific authorities or responsibilities to other Cooperative officers and personnel with the recognition that the GM/CEO remains at all times responsible and accountable for any and all actions taken under such sub-delegations;
2. The GM/CEO shall exercise due care in such delegations and regularly monitor the performance of the responsibility delegated; and
3. The GM/CEO shall inform the Board as to how any such delegations are being carried out.

V. RELATIONSHIP BETWEEN THE GM/CEO AND THE BOARD.

To ensure the success of the Cooperative, the Cooperative Board and management must work together with mutual respect and support. At the same time, the Board must maintain a governing role, which is to direct, guide, and oversee the Cooperative and to protect its interests and members.

A. Expectations of the GM/CEO in Working with the Board.

To fulfill the above expectations, the GM/CEO shall:

1. Develop, with the direction of the Board, an annual timeline of topics to be discussed and reports to be presented to the Board;
2. Assist the Officers in developing an agenda for each Board meeting;
3. Ensure that all appropriate financial, operational and other information and reports are provided to the Board in a timely and understandable fashion, so Directors are able to make informed decisions;

4. Report to the Board on conformity with approved policies, programs, plans, and budgets and recommend any appropriate revisions requiring Board approval;
5. Provide advice and counsel to the Board and ensure that important issues are timely presented and explained to the Board;

7. Seek the Board's advice and counsel whenever needed or desired.

B. Expectations of the Board in Working with the GM/CEO.

To fulfill the above expectations, the Board shall maintain the following principles and guidelines in its relationship with the GM/CEO:

1. Since good management is a key factor in the success of the Cooperative, the GM/CEO must be delegated sufficient authority to manage the operations of the Cooperative on a day-to-day basis. While specific authority may be described here, these powers are intended to be expansive in nature and substantial in depth. The GM/CEO is permitted and expected to make decisions that bind the Cooperative legally and that impact its on-going viability, consistent with the Board's policies, plans, budgets, and specific directives.
2. Mutual understanding and cooperation between management and the Board is needed for management to be effective. The GM/CEO is expected to produce results and give an account to the Board. The best results cannot be achieved unless the GM/CEO is given latitude to perform within the confines of Board policy and budgeting. The Board is responsible for ensuring that the GM/CEO knows and understands its expectations and any limitations it has placed on his or her discretionary decision-making. These expectations and limitations are identified in this policy, which shall be used as the foundation for an annual appraisal of the GM/CEO's performance;
3. The Board is responsible for establishing clear goals regarding the GM/CEO's performance, for appraising the performance of the GM/CEO each year, for discussing the results of such appraisal with the GM/CEO, and for acting on any appropriate salary adjustment for the GM/CEO based on that appraisal;
4. Authority shall flow from the Board as a whole to the GM/CEO to the other Cooperative employees. The Board shall refrain from discussing management and personnel issues with personnel of the Cooperative, other than the GM/CEO. The Board, in consultation with the GM/CEO, may confer with

appropriate personnel at regular or special meetings of the Board. Unless otherwise determined by the GM/CEO, Directors may confer with appropriate Cooperative employees regarding routine administrative matters; and

5. For any Director to undertake private conversations with others that might appear to make commitments for the Board or the Cooperative, unless directed officially by the Board, would be a serious breach of policy, and the Director may be subject to reprimand by the Board for such a breach.

VI. RESPONSIBILITY.

The Board shall be responsible for ensuring compliance with the portions of this policy that relate to the responsibilities and expectations of the Board and to Board oversight. The GM/CEO shall be responsible for ensuring compliance with the portions of this policy that relate to the responsibilities and expectations of the GM/CEO.

To ensure that all actions and decisions performed by the Board on behalf of the Cooperative are performed in the best interests of the Cooperative and its members, each Director is required to comply with the expectations set forth in this policy.

Failure to adhere to the expectations set forth in this policy can cause loss to the Cooperative, disruption of its operations, and/or harm to its reputation. Therefore, if a Director violates any provision of this policy, the Director may be asked to resign and/or may be subject to disciplinary action.

III. DIRECTOR ETHICS.

- A. Each Director is expected to and shall conduct themselves and all of his or her actions and decisions in a lawful manner consistent with the highest standards of personal and professional honesty, integrity, and ethics at all times while Director.
- B. Each Director shall treat each other Director and each employee and member with courtesy and respect.
- C. Each Director is expected to and shall, through his or her actions and decisions, promote the best interest of the Cooperative and its members.

Conflicts of interest involving the outside activities of a Director are most likely to occur when the Director's outside activity, such as

If such appearance of or actual conflict of interest should arise, the Director shall refrain from acting in any situation in which his or her actions or possession of knowledge could be or could appear to be of either benefit or detriment to the Cooperative's interests. for Director elections or other matters to be voted upon by the members.

If the Cooperative receives an offer from an Interested Party that does not constitute a Bona Fide Offer:

- 1. The Cooperative recipient of such offer shall notify the Board and GM/CEO; and
- 2. The Board shall reject the offer and notify the Interested Party of the rejection. The Interested Party shall have three (3) months from the date of notice to submit the information necessary to constitute a Bona Fide Offer.

IV. BOARD VOTE OF "BONA FIDE OFFER".

If the Cooperative receives a Bona Fide Offer, the Board shall vote on whether the Cooperative should pursue the transaction presented in the Bona Fide Offer.

A. Board Vote to Pursue "Bona Fide Offer".

If there is a two-thirds (2/3) vote of the Board to pursue the transaction, all of the following shall be performed:

- 1. The Board shall notify the Interested Party, the Cooperative membership, DPC, RUS, and any applicable Lenders of the Cooperative's intent to further pursue the transaction, subject to negotiation and approval of a final written agreement and a two-thirds (2/3) affirmative vote of all of the Cooperative's members, as required in the Articles of Incorporation and Bylaws.
- 2. The final written agreement shall provide:

- a. That all existing Cooperative employees are offered continued employment for at least three (3) years upon terms at least equal to those enjoyed by the Cooperative's employees at the time the Bona Fide Offer was submitted to the Board. The terms to be considered shall include wages, salaries, insurance, pension and other fringe benefits, rank and job title, place of employment, and residence;
 - b. That the total consideration for the acquisition will be paid directly to the Cooperative or its account; provided, however, that a Bona Fide Offer of merger may provide for acquisition of stock by the Cooperative's members in exchange for their capital credits and membership;
 - c. That all obligations under the wholesale power contract with DPC shall be satisfied by the Interested Party;
 - d. That the transaction will become void if all member, shareholder, regulatory, and contractual approvals are not obtained within a reasonable time after execution of the final written agreement; and
 - e. That the Interested Party shall agree in writing to indemnify and hold harmless any employees, directors, officers, agents, servants, attorneys, accountants, consultants, representatives, affiliates, subsidiaries, and insurers of, and all others acting in privity with, the Cooperative for any actions taken in connection with the Bona Fide Offer and to carry insurance covering this indemnification, if available.
3. The Board shall provide prior notice of and shall hold a meeting of the Cooperative members to vote on whether to pursue the Bona Fide Offer. Such notice shall be provided and such meeting shall be held in accordance with applicable law and the Cooperative's Articles of Incorporation, Bylaws, and specific resolution of the Board.

B. Board Votes Not to Pursue "Bona Fide Offer".

If there is not a two-thirds (2/3) vote of the Board to pursue the transaction, the Board shall notify the Interested Party and the Cooperative membership of the Cooperative's rejection of the Bona Fide Offer and the Board's reasons for rejection and shall notify DPC, RUS, and any applicable lenders of the Cooperative's decision not to pursue the transaction.

V. COOPERATIVE MEMBERSHIP VOTE OF "BONA FIDE OFFER".

If the Cooperative receives a Bona Fide Offer and the Board, by a two-thirds (2/3) vote, decides to pursue the transaction, the Cooperative membership shall then vote on whether they want the Cooperative to pursue the transaction presented in the Bona Fide Offer.

A. Cooperative Membership Votes to Pursue “Bona Fide Offer”.

If there is a two-thirds (2/3) affirmative vote of all of the Cooperative membership to pursue the transaction, the Board shall take all actions necessary to finalize the transaction and, if necessary, dissolve and wind up the business of the Cooperative; provided, however, that the Interested Party is responsible for obtaining all necessary regulatory and contractual approvals. Unless such approvals are obtained within a reasonable time, the transaction shall be deemed null and void.

B. Cooperative Membership Votes Not to Pursue “Bona Fide Offer”.

If there is not a two-thirds (2/3) affirmative vote of the Cooperative membership to pursue the transaction as required under the Articles and Bylaws, the Board shall notify the Interested Party of the Cooperative’s rejection of the Bona Fide Offer and shall notify DPC, RUS, and any applicable lenders of the Cooperative’s decision not to pursue the transaction.

VI. REJECTED OR WITHDRAWN OFFER.

A. If the Interested party withdraws its Bona Fide Offer at any time, the Board shall notify the Cooperative members, DPC, RUS, and any applicable lenders of the Interested Party’s withdrawal.

B. If a Bona Fide Offer is rejected at any time, whether by the Board or by the Cooperative members, or if the Bona Fide Offer is withdrawn at any time by the Interested Party, any offer by the same Interested Party or any of its affiliates within three (3) years after the date of rejection shall be rejected by the Board, unless such offer materially differs from the rejected or withdrawn offer.

VII. RESPONSIBILITY.

The Board shall be responsible for seeing that this policy is adhered to.

JUMP RIVER ELECTRIC COOPERATIVE, INC.

Board Policy No. 19

Subject: Identity Theft Detection & Prevention

Effective Date: October 30, 2018

I. PURPOSE.

The purpose of this policy is to prevent, detect, and mitigate the theft of the Cooperative Customers' Personally Identifiable Information by: (1) limiting the collection of and access to Personally Identifiable Information of its Customers; (2) verifying the use of Personally Identifiable Information in connection with Customers' accounts; and (3) implementing a protocol for reporting, investigating, and resolving Red Flags that the Cooperative has determined are indicators of the risk of potential Identity Theft.

II. DEFINITIONS.

- A. "Authorized Personnel" means the following Cooperative staff persons: General Manager and Chief Executive Officer (the "GM/CEO"), Finance Manager, Billing Clerk, Administrative Assistant/Communications Coordinator, Accounting Clerk, and Member Service Representative.
- B. "Cooperative" means the Jump River Electric Cooperative, Inc.
- C. "Covered Account" means the electric service, appliance loan, and/or internet service account of a Cooperative member or Customer.
- D. "Customer" means a member of the Cooperative or anyone receiving services from the Cooperative.
- E. "Identity Theft" means a fraud committed or attempted using a name or number which may be used alone or in conjunction with any other information to identify a specific Customer, such as name, date of birth, government-issued number, or unique electronic identification number, address or routing code of another person, without authority.
- F. "Personally Identifiable Information" means a name, address, or unique number or other information identifying a specific Customer, including but not limited to security code, access code, or password, social security number, alien registration number, government passport number, taxpayer identification number, driver's license or state identification number, credit or debit account number, bank account and routing numbers, and health insurance account numbers.

- G. “Red Flag” means a pattern, practice, or specific activity listed in Section V herein that the Cooperative has reasonably determined to indicate the possible existence of Identity Theft.
- H. “Routine Billing Information” means and is limited to the following, whether alone or in combination: the Customer’s name, service address, billing address, service account number or loan number, and account balance.

III. POLICY SCOPE AND APPLICABILITY.

The Cooperative has assessed the risk of Identity Theft in the following three (3) categories of account-related activity: (1) the risk that an applicant may, without authority, use the identity of a third person to open a Covered Account to obtain services from the Cooperative; (2) the risk that a Customer may use the Personally Identifiable Information of another person to pay for Cooperative services; and (3) the risk that a Customer’s Personally Identifiable Information in the possession of the Cooperative may be obtained for an unauthorized or fraudulent purpose.

The Red Flags identified in this policy are based on an evaluation of the risk potential in the above three (3) categories. However, the Cooperative finds that the risk of Identity Theft in category one (1) above is substantially mitigated by the fact that its service requires a fixed location that is generally provided over a span of months or years, and its Customers’ identities are tied to their service address. The Cooperative’s existing policies and procedures for verification of Customer identification on new accounts are therefore deemed sufficient to protect against the risk potential in category one (1), above.

This policy shall comply with all applicable Federal and State law and shall not be intended to constitute or substitute the Cooperative’s broader privacy and confidentiality policies and procedures, although such privacy and confidentiality policies and procedures shall be consistent with Identity Theft prevention practices.

IV. IDENTITY THEFT PREVENTION.

A. New Account Verification.

Applicants for residential electric service and/or internet service shall include a valid social security number or driver’s license/state identification number with their application.

B. Protection of Customer File Documents.

1. All documents containing Personally Identifiable Information other than Routine Billing Information, including membership applications and authorizations for automatic clearinghouse (“ACH”)/electronic funds transfer (“EFT”) from a bank account or credit/debit card account shall be filed as soon as practicable in a secure location of the Cooperative, accessible solely by Authorized Personnel.

2. Telephone notes, Customer correspondence, including emails, and notices of one-time bill payments containing Personally Identifiable Information other than Routine Billing Information shall be shredded and permanently deleted from the computer database and/or email program immediately after data entry or other approved use.
3. Personal checks held for deposit shall be maintained in a secure location of the Cooperative with access solely by Authorized Personnel.
4. Any Customer credit reports obtained from a consumer credit agency, including but not limited to Online Utilities Exchange, in connection with new or existing accounts shall not be retained, copied, saved, or imaged and shall be shredded immediately after approved use.

C. Computer Database Security.

The Cooperative shall take commercially reasonable precautions to prevent unauthorized access or fraudulent use of Personally Identifiable Information in its computer database, including the following:

1. Access to scanned or imaged computer files containing a Customer's social security number, driver's license, or state identification number shall be limited to Authorized Personnel.
2. The Cooperative's billing software shall segregate and/or encrypt Customer financial data, including bank account, routing number, and credit card number, such that access to financial data is limited to Authorized Personnel.
3. Remote/virtual computer access to any unencrypted Personally Identifiable Information contained in computer data storage media, other than Routine Billing Information, shall be limited to Authorized Personnel.
4. Customer access to account information via the Cooperative's webpage and to electronic payment services shall require a unique password that is encrypted in the Cooperative's software.
5. Authorized Personnel shall take reasonable steps to monitor for malicious activities that target the Cooperative or its Customers, including data breaches, firewall vulnerabilities, phishing, viruses, spyware, and malware.

D. Point of Sale Payments.

Any point of sale "swipe card" system implemented by the Cooperative shall support Payment Card Industry Data Security Standard ("PCI-DSS") compliance

V. IDENTITY THEFT DETECTION (“RED FLAGS”).

Notification or discovery of a Red Flag triggers a duty on the part of all Cooperative employees to mitigate under Section VI. The following circumstances are designated Red Flags under this policy but are not conclusive evidence that an incident of Identity Theft has or will occur.

- A. The applicant or Customer’s Personally Identifiable Information is not consistent with readily accessible information on file with the Cooperative.
- B. Upon an attempted verification, the Customer name does not correspond with the government-issued identification number provided or does not substantially match the address provided.
- C. The Personally Identifiable Information is same or similar to that of another Customer or is the same or similar to information used in previous attempts of Identity Theft.
- D. The social security number provided has not been issued, is listed on the Social Security Administration’s Death Master File, or lacks correlation between the social security number range and the applicant or Customer’s purported date of birth.
- E. The identification provided by the applicant or Customer has the appearance of forgery, or the application provided appears to have been forged or destroyed and then reassembled.
- F. Any information indicating that the Customer has or is attempting to make a payment on his or her account using a bank account or credit/debit card of another without authority.
- G. The receipt of a fraud or active duty alert included in a consumer report, notice of credit freeze, or receipt of notice of material address discrepancy.
- H. Any notice and/or information by an employee or service provider of a database security incident resulting in unauthorized access or the potential for unauthorized access to one or more Customer’s Personally Identifiable Information.
- I. A verbal or written notice from a Customer that the Customer has been or is at risk of Identity Theft from a prior unauthorized acquisition of Personally Identifiable Information.

VI. IDENTITY THEFT MITIGATION.

A. Mandatory Red Flag Response.

Upon notification or discovery of circumstances constituting a Red Flag or other incident that the Cooperative employee reasonably believes to indicate the possible existence of Identity Theft, the employee shall notify the Finance Manager in writing,

including the date, contact person(s), and all relevant details. The Finance Manager shall, in conjunction with the GM/CEO, determine the appropriate step(s) to undertake investigation, follow-up, and mitigation under the below subparagraph C.

B. Notification Required by Wis. Stat. § 895.507.

If the Cooperative knows that a Customer's social security number, driver's license or state identification number, or financial account number, including a credit or debit card account number, or any security code, access code or password that would permit access to a financial account has been acquired by a person or entity that was not authorized by the Cooperative to acquire said information, the Cooperative shall make reasonable efforts to notify the Customer as soon as practicable. Notwithstanding the foregoing, the Cooperative is not required to provide notice where the information: (a) does not create a material risk of Identity Theft or fraud to the Customer; or (b) was acquired in good faith by an employee or agent of the Cooperative for a lawful purpose.

C. Investigation and Resolution.

Upon notification or discovery of an occurrence constituting a Red Flag, one or a combination of the following steps shall be considered. Selection of the appropriate response or series of responses will depend on the circumstances, including the Cooperative's knowledge and experience with a particular Customer's personal situation, the source of information concerning the existence of Red Flags, and subsequent information obtained through investigation in order to verify or authenticate Personally Identifiable Information or to verify that such information is used with authority.

1. Personal contact with the Customer and/or third party for additional authentication or written authorization to use a third party's Personally Identifiable Information in connection with an account. For example, a Customer may have provided a credit card number for payment on the account that belongs to a relative not residing at the service address.
2. Notation on a Customer's file of a verified authorization to use third-party financial information. For example, a third party may have authorized the use of Personally Identifiable Information such as a credit or debit card account number for payments on the Customer's account.
3. Require a Customer to present government-issued photo identification in person to authenticate identity.
4. Monitor a Customer's account and or credit report on a monthly basis for notifications, alerts, delinquencies, or suspicious patterns of activity, such as multiple changes of address within a short time frame.

5. Change passwords and other security codes that permit access to Customer account information in the computer database and/or implement updated TLS/SSL encryption protocols.
6. Place a stop payment on any outstanding capital credit refund, security deposit, or other refund check.
7. Notify consumer credit agencies of verified incidents of attempted Identity Theft.
8. Make a report to local law enforcement authorities upon discovery of Identity Theft that was committed with information accessed from the Cooperative.
9. Determine that no response is warranted under the circumstances.

D. Recordkeeping Requirements.

A written report of the Red Flag incident and its resolution shall be prepared by the Finance Manager. The Finance Manager shall maintain reports of each instance of notification or detection of a Red Flag and shall propose policy amendment to identify new Red Flags and/or additional prevention and mitigation procedures, if appropriate, based on a specific Red Flag incident.

VII. POLICY AMENDMENT.

This policy shall be reviewed annually by the GM/CEO and Finance Manager who shall take all of the following steps:

- A. Review the Cooperative records and information concerning any incidents of Identity Theft or attempted Identity Theft experienced by the Cooperative or other electric distribution cooperatives of which it is aware, including an analysis of the mechanism of the theft and any proposal under Section VI.D for incorporating new Red Flags and/or additional prevention and mitigation measures into the policy.
- B. Review any newly evident or potential computer-based security risks and recommended database security enhancement by information technology staff, consultants, or third-party providers.
- A. Review any updated guidance from the Federal Trade Commission and other consumer protection agencies, including but not limited to the State of Wisconsin Department of Agriculture, Trade and Consumer Protection, concerning strategies for detecting and preventing Identity Theft.
- C. Revise this policy as necessary to maintain consistency with the above steps.

VIII. RESPONSIBILITY.

The GM/CEO shall be responsible for ensuring that this policy is adhered to.

The purpose of this policy is to ensure the reasonable and good faith retention of all records created by or under the control of the Jump River Electric Cooperative, Inc. (the “Cooperative”), whether in paper or electronic form.

II. POLICY.

- A. For purposes of this policy, a “record” is any information, whether in paper or electronic form, that is created or received by the Cooperative and reports some aspect of its operations.
- B. Cooperative records shall be retained in accordance with all applicable State and Federal statutes, regulations and orders and as may be required by lenders or contracts with other parties. More specific information on these requirements is provided in the **Employee Handbook**.
- C. Cooperative records shall be retained so long as retention is required by applicable law or management deems them to be: necessary or advisable for business operations or accounting, audit, tax or financial purposes; for historical purposes; or possible future use in litigation involving the Cooperative, an official proceeding, or a government investigation, audit or similar matter. The **Employee Handbook** also includes the schedule for retention of records for the purposes described in this paragraph, whether that be for the life of the Cooperative or for a shorter period.

Jump River Electric Cooperative
Board Policy No. 22

Cooperative-Administered Dispute Resolution Policy

The following is hereby adopted as the policy of Jump River Electric Cooperative (“Cooperative”) for resolution of disputes that may arise between Cooperative and any of its members. This Policy and the more detailed procedures that are attached and incorporated herein, as authorized and provided for in the Cooperative’s Bylaws, apply to claims in which the amount at issue exceeds the dollar limit for Wisconsin Small Claims Court (currently \$10,000) and others claims that are outside of the jurisdictional limits of the Wisconsin Small Claims Court. All claims within the jurisdiction of the Wisconsin Small Claims Court are excluded from arbitration, unless all parties to the dispute otherwise agree.

The Board of Directors will attempt to settle any dispute or claim between the Cooperative and a member through negotiations. The Board may delegate negotiation and investigation authority to the CEO or legal counsel. After an attempt to settle the matter, if it appears to the Board that the parties are at an impasse, the Board will initiate Arbitration or notify the member of the procedure for the member to initiate Arbitration.

I. POLICY

A. Administration of Dispute Resolution

1. Any arbitration initiated under this Policy shall be administered by an Independent Administrator, chosen as described in this Policy and Attachment.
2. The Independent Administrator will undertake the responsibility to administer the procedures of Arbitration as established in Attachment A – “Arbitration Process,” which is incorporated into and made a part of this Policy.
3. The appointment of the Independent Administrator shall be confirmed by the Board to serve in that role for the pendency of the arbitration, in the following manner:
 - a. The General Manager/CEO shall identify an attorney (and, if applicable, the attorney’s firm) who has not represented the Cooperative in any prior legal matter.
 - b. The chosen attorney shall confirm that he/she and any law firm employing said attorney have no conflict of interest with either the Cooperative, current Board members or the Cooperative member bringing said arbitration demand. Serving previously as Independent Administrator shall not automatically disqualify the attorney or firm from selection for this role in a subsequent arbitration.
 - c. Once the chosen attorney has confirmed having no conflict of interest with either the Cooperative or the member and indicated that he/she is willing to undertake the duties as described herein, the CEO will give notice to the member of the choice.
 - d. The member may object to the appointment of the attorney as Administrator within 15 days of receiving notice of the appointment by stating written reasons for the objection. Should an objection be made, the Board will make

an objective determination of the merits of the objection. If the member's objections to the Administrator are upheld by the Board, the CEO will promptly make another appointment under the process described in this paragraph. If the Board determines that the objections raised by the member do not disqualify the Administrator from acting impartially in the arbitration, the Board will confirm the appointment.

4. If an Independent Administrator is unable to complete the duties described herein for any reason a replacement shall be named using the procedures described by paragraph 4 above.
5. No Independent Administrator shall also serve as an arbitrator in the pending matter and shall have no authority other than to administer the rules and procedures established in the Attachments to this policy.
6. The Independent Administrator shall be paid the hourly fee negotiated by the CEO plus reimbursement of reasonable expenses.

B. Appointment of Arbitrator

1. During the process of Arbitration, the Independent Administrator has the responsibility to secure the services of one Arbitrator to participate in the Arbitration process, in accordance with the procedures for selecting the Arbitrator described in Attachment A. If a single Arbitrator is unacceptable to the participants in the Arbitration, a process to select a panel of three Arbitrators is also provided in the procedures described in Attachment A.
2. The Arbitrator(s) shall be impartial as to all parties and qualified by experience or education in the subject matter of the dispute. Notwithstanding that experience requirement, a retired judge would ordinarily be deemed qualified regardless of the nature of the claim.
3. Compensation for Arbitrator(s) and Independent Administrator shall be established as set forth in Attachment A.

C. Representation

The Cooperative and the member may each, at its, his or her own expense, be represented by legal counsel or other authorized representative throughout the Arbitration process.

- II. **PROCEDURE:** See Attachment A for the Process and Procedure that will be followed by all parties involved in Arbitration.
- III. **RESPONSIBILITY:** When an arbitration demand is filed under this policy, the Board of Directors shall confirm an Independent Administrator to administer this policy. Arbitration Process and Procedures

1. Initiation of Dispute Resolution

- a. If efforts to resolve a dispute by agreement between a member and the Cooperative are not successful, arbitration may be commenced by either party in the following manner:
 - i. A party initiating arbitration (“Claimant”) shall file a written Demand for Arbitration (“Demand”) with the CEO of the Cooperative at the following address: 1102 W 9th St N, Ladysmith, WI 54848. The Demand for Arbitration shall consist of a statement setting forth in reasonable detail the nature of the dispute, the amount involved, if any, the remedy sought, and a return address and other contact information for the receipt of all papers relating to the arbitration. A sample form of such notification is attached as an exhibit to this Procedure. A filing fee as prescribed in these Procedures shall accompany any Demand filed by a member.
 - ii. Within 30 days of receipt of a Demand, the Cooperative shall give written notice of the filing of such a Demand to the Respondent, along with a full and complete copy of the Demand. When the member brings the claim, the Cooperative may use the member’s most recent address in the billing records of the Cooperative as to any notice required.
 - iii. A Respondent may file an Answering Statement, and if so filed, it must be filed with the Independent Administrator at the Administrator’s office within forty-five (45) days after the postmark (or equivalent) on the notice of the Demand from the Independent Administrator. The Respondent shall at the same time send a copy of the Answering Statement to the Claimant at the address set forth in the Demand. The Answering Statement shall include any admissions, denials or comments on the claims made in the Demand for Arbitration and a statement of the general nature of Respondent’s defense(s).
 - iv. If the Respondent believes it has a counterclaim against the Claimant, it may set forth that counterclaim in a Statement of Counterclaim, setting forth the nature of the counterclaim, the amount involved, if any, and the remedy sought. The Statement of Counterclaim shall be filed with the Independent Administrator and delivered to the Claimant with the Answering Statement (and may be included as a section of that Answering Statement). If a counterclaim is made by a member, that member shall forward to the Independent Administrator along with the Answering Statement the fee prescribed in these Procedures. The legal principles of claim and issue preclusion shall apply such that failure to make a Statement of Counterclaim may result in the waiver of claims.
 - v. If no Answering Statement is filed within the time allowed under this policy, the claim set forth in the Demand shall be treated as denied. Failure to file an Answering Statement shall not deny a Respondent the right to appear at the arbitration hearing and fully defend the claim. Failure to timely file a Statement of Counterclaim as authorized hereunder shall deny the Respondent the right to present evidence on, and request any relief or remedy with regard to, any such counterclaim at the arbitration hearing.

- vi. The Independent Administrator shall keep all dispute records separate from all other Cooperative records and it shall use reasonable efforts to keep all such records confidential, except as to the parties and as otherwise agreed by the parties to that dispute.

2. Appointment of Arbitrator(s)

- a. All claims, including counterclaims, shall be heard by a single arbitrator unless a party objects to a single arbitrator within 30 days of the time of filing of the answer to the pleadings. In the event of such objection, all claims shall be heard by a panel of three arbitrators, to be selected as prescribed herein.
- b. Arbitrators shall be impartial as to all parties and qualified by experience or education in the subject matter(s) of the dispute. Notwithstanding that requirement, a retired judge would ordinarily be deemed qualified regardless of the nature of the claims. The Independent Administrator shall make the determinations of the qualifications and impartiality of any arbitrators and the Independent Administrator's decisions on arbitrators' fitness to serve shall be binding upon the parties.
- c. Prior to the appointment of any arbitrators, the Independent Administrator shall contact prospective arbitrators to determine their impartiality and availability to arbitrate the dispute. If any party objects to the qualifications of an arbitrator, as prescribed herein, the Independent Administrator shall make further inquiry and make the final determination of whether the prospective arbitrator is qualified to serve. In determining the qualifications, impartiality, and availability of prospective arbitrators, the Independent Administrator shall adhere to the following guidelines:
 - i. The Independent Administrator shall ask prospective arbitrators whether each one will be available during the time period agreed to by the parties or otherwise determined by the Independent Administrator, will agree to serve if selected, and will agree to render a decision within a period of time to be specified by the Independent Administrator;
 - ii. The Independent Administrator shall inquire whether prospective arbitrators have any past or current relationship with any of the parties that could reasonably call into question the arbitrator's impartiality, and whether any other circumstances exist which could otherwise reasonably call into question the arbitrator's impartiality;
 - iii. In assessing the prospective arbitrator's qualifications, the Independent Administrator shall request and review a current resume or similar document attesting to the prospective arbitrator's experience and qualifications to serve as an arbitrator. Such document shall be made part of the official record of the arbitration. In the event that such resume or similar document is not available or does not sufficiently describe the prospective arbitrator's qualifications, or if the Independent Administrator otherwise deems it necessary or desirable, the Independent Administrator shall interview the prospective arbitrator and inquire about his/her experience and expertise (a) in industries relevant to the subject matter of the dispute; (b) with the relevant law to be applied; and (c) arbitrating or litigating similar disputes.

- iv. Arbitrators may be qualified to serve through any of the following ways:
 - 1. A minimum of ten (10) years of senior level business professional experience or legal practice pertaining to the subject matter(s) of the dispute.
 - 2. Training and certification by a nationally recognized dispute resolution certification program or association.
 - 3. An educational degree or professional license pertaining to the subject matter(s) of the dispute.
 - 4. Notwithstanding the above requirements, a retired judge would ordinarily be deemed qualified regardless of the nature of the claims.
- d. If the parties agree to have the matter decided by a single arbitrator, they may submit the name and information of any agreed arbitrator to the Independent Administrator for the approval of the Independent Administrator pursuant to the qualification criteria described herein. Should the parties not be able to agree to one person to serve as the arbitrator, the parties may submit the names of up to three (3) agreed-upon candidates to serve, and each may indicate the order of preference by which the arbitrator should be selected from these candidates. The name(s) of the arbitrator(s) for review shall be submitted to the Independent Administrator within thirty (30) days after an Answering Statement is filed with the Independent Administrator and served on Claimant, or if no Answering Statement is filed, within thirty (30) days after the deadline for filing such Answering Statement. Thereafter, if the parties have agreed on the person of a single arbitrator, the Independent Administrator shall make arrangements to retain the services of the agreed-upon arbitrator. If the parties have not agreed on which single arbitrator of the three agreed-upon candidates, the Independent Administrator shall make the choice and retain the chosen arbitrator. If either of the parties have demanded a three-arbitrator panel, the Independent Administrator will, based on the availability of the proposed candidates, engage the services of the panel in the order of preference indicated by the parties.
- e. The Independent Administrator shall notify the parties if no candidate submitted by the parties is available to serve as arbitrators on the three-person panel. The parties will then have thirty (30) days from the date of notification in which to nominate an arbitrator of that party's choosing, subject to the approval of the Independent Administrator regarding qualifications and impartiality of arbitrators, as defined in these Procedures. If any party fails to nominate its arbitrator within thirty (30) days of receiving notice from the Independent Administrator, the Independent Administrator shall nominate the arbitrator on behalf of the delinquent party.
- f. If a Panel will preside over the arbitration, after each party has nominated a qualified and impartial arbitrator as determined by the Independent Administrator, then the arbitrators nominated by each party shall mutually designate an additional arbitrator to hear the matter. The third arbitrator selected by the party-designated arbitrators shall serve as Chairperson. If available, the third arbitrator to be selected by the party-designated arbitrators shall be an attorney or a retired judge of the state or federal judiciary of Wisconsin, in either case possessing a minimum of ten (10) years' experience in the practice of law.
- g. When the arbitrator(s) are selected, the Independent Administrator shall send the Demand

for Arbitration, the Answering Statement, the Statement of Counterclaim, if any, and any other pleadings and correspondence to each of the arbitrator(s).

- h. Other than resolution of discovery disputes which shall be decided by the Chairperson as provided in Section 5, below, all actions of the Tribunal shall be by majority vote. At least two (2) Arbitrators shall be required for a quorum to proceed on any matter before the Tribunal.
- i. If either party has reason to question the impartiality or the qualifications of an arbitrator, the party shall file a written objection with the Independent Administrator, and the Independent Administrator shall proceed to review whether the challenged arbitrator is impartial and qualified. Parties who fail to file their objections with the Independent Administrator within thirty (30) days of (1) receiving notification of the designation of the prospective arbitrator, or (2) becoming aware of circumstances that reasonably call into question the arbitrator's impartiality, whichever occurs later, may be deemed to have waived such objections to the prospective arbitrator.
- j. If the Independent Administrator determines that the prospective arbitrator is not qualified or impartial, then the Independent Administrator shall disqualify that prospective arbitrator from serving and shall notify the parties of the same. An alternative arbitrator shall then be selected as provided by the following:
 - i. If the disqualified arbitrator was designated by a party, then the party who selected the disqualified prospective arbitrator shall have thirty (30) days from receiving notice from the Independent Administrator in which to designate an alternative arbitrator.
 - ii. If the disqualified arbitrator was designated by the Independent Administrator, then the Independent Administrator shall designate an alternative arbitrator within thirty (30) days of the disqualification of the initial arbitrator.
 - iii. If the disqualified arbitrator was designated by the party-designated arbitrators, then the latter shall designate an alternative arbitrator within thirty (30) days of the disqualification of the initial arbitrator.
- k. Such alternative arbitrator shall be subject to the same conditions to serving as applicable to an initial arbitrator, including the procedure and time limits for objections to the alternative arbitrator. The process for selecting an alternative arbitrator shall also apply in the event that an arbitrator is no longer able to serve for any reason, including disqualification, death, or resignation.

3. Date, Time and Place of Arbitration

The Arbitrator(s) shall set the date and time of the hearing as soon as it is reasonably possible after a meeting and consultation with the parties. Unless otherwise agreed to by the parties and the Arbitrator(s), the arbitration hearing shall be held at a reasonably convenient location designated by the Independent Administrator.

4. Representation

Any party may be represented by legal counsel or other authorized representative throughout the arbitration process.

5. Witnesses, Subpoenas, Discovery, and Applicable Authority

- a. The parties shall have such rights in regard to the taking of discovery as provided for by Chapter 804 of the Wisconsin Statutes, or any successor statutes. The arbitrator(s) shall have such authority to permit discovery and enforce the parties' obligations to provide discovery as would a Wisconsin circuit court judge. The parties shall also have full authority to compel the attendance of third-party witnesses as provided by law, including but not limited to Chapter 788 of the Wisconsin Statutes or any successor statutes. In cases presided over by a Panel, any disputes over pre-hearing discovery shall be submitted to and resolved by the Chairperson of the Tribunal, giving due regard to the nature and complexity of the Claim(s) and Counterclaim(s), if any.
- b. The arbitrator(s) have full authority to determine whether or not a particular issue raised by any party may be determined by the arbitration, including but not limited to the power to rule on the scope of the arbitration agreement and the arbitrator(s)' own jurisdiction.
- c. The arbitrator(s) shall resolve all disputes in accordance with Wisconsin substantive law and shall give full effect to the Wisconsin Rules of Evidence and statutes of limitation and repose arising under Wisconsin law, including barring of a claim where the applicable statute of limitations or repose would bar such claim in Circuit Court.
- d. Unless otherwise modified herein, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to impose time limits on any phase of the proceedings, to hold pre-hearing conferences and hearings to resolve matters that may arise in the arbitration, schedule pre-hearing motions, briefs and memoranda, and any other matters necessary for the proper administration and/or resolution of the arbitration.
- e. Unless otherwise modified herein, during any part of the proceedings, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to impose sanctions, award recovery of fees and costs, and take such other action to maintain the integrity of the proceedings.
- f. During any part of the proceedings, unless otherwise modified herein, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to determine all or a portion of the issues in dispute through summary adjudication (e.g. motions to dismiss or for summary judgment) determined upon the submission of documents and other evidence rather than through a live hearing.

6. Hearings and Other Proceedings

- a. Unless a dispute is fully resolved by summary adjudication as provided herein, all issues raised in the Demand for Arbitration, the Answering Statement and the Statement of Counterclaim, if any, and unresolved by summary adjudication, shall be determined through a hearing as provided in this section.
- b. A hearing shall be opened by the recording of the date, time and place of the hearing, and the presence of the arbitrator(s), the parties and their representatives, if any, and by the inclusion into the record of the Demand for Arbitration, the Answering Statement and the

Statement of Counterclaim, if any.

- c. If either party to the arbitration requests it, a stenographer certified to transcribe such a proceeding shall be appointed by the Independent Administrator for such purpose. Each party shall share equally in the cost of such service. The parties may agree on other forms of preservation of the record, including but not limited to tape recording, video recording or other forms of electronic preservation of the record.
 - d. The arbitrator(s) may, at the beginning and/or close of the Hearing, require or permit statements (orally or in writing), with the intent to clarify the issues involved.
 - e. The Claimant shall then present evidence to support its claim. The Respondent shall then present evidence supporting its defense and/or counterclaim(s). Witnesses for each party shall be sworn under oath by a person qualified to administer an oath and shall thereafter submit to questions or other examination as prescribed by the arbitrator(s).
 - f. The arbitrator(s) shall have the discretion to vary the procedure and order of evidence and witnesses, but shall afford all parties a full and equal opportunity for the presentation of any material and relevant evidence, including a reasonable opportunity to cross-examine the other party's witnesses and to rebut the other party's evidence. The arbitrator(s) shall apply burdens of proof in accordance with Wisconsin law.
 - g. Unless otherwise modified herein, the arbitrator(s) shall have such authority over the conduct of the hearing as possessed by a Wisconsin circuit court judge presiding over a civil trial, including but not limited to such matters as the applicability of privilege; the admissibility, relevance, materiality, and weight of evidence being offered; and the exclusion of witnesses from the hearing,
 - h. Exhibits, when offered by any party, may be received in evidence by the arbitrator(s). The Independent Administrator is responsible for maintaining the records, evidence and exhibits from the hearing as part of the official record of the arbitration.
 - i. The names and addresses of all witnesses and a description of the exhibits in the order received shall be made a part of the record and maintained by the Independent Administrator.
7. Communication with the Arbitrator(s)

Copies of all written or electronic communications to or from the Arbitrator(s) shall be served upon the Arbitrator(s) and all parties and a copy filed with the Independent Administrator at the Independent Administrator Office for inclusion in the official case record. Filing and service of such documents and communications may be accomplished electronically as directed by the Arbitrator(s) on a case-by-case determination. In no circumstances shall any party have *ex-parte* communications with any arbitrator on any matters concerning the case being arbitrated, except on matters of scheduling, in which case the arbitrator, at the earliest opportunity, shall discuss the scheduling matter with all parties.

8. Decisions

- a. A decision on the issues to be arbitrated shall be in writing and shall be signed by all arbitrator(s) joining in the decision. The decision shall state the legal and factual reasoning

upon which the decision rests, unless the parties agree otherwise. A member of the Panel who does not join in a majority decision may, but is not required to, issue a dissenting opinion.

- b. All decisions shall be issued by the arbitrator(s) within 60 days of the close of such hearing (or the receipt of post-hearing briefs, if allowed by the Panel). If the arbitrators unanimously agree that the complexity of the issues and the record require it, that schedule for issuance of the final decision or award may be extended up to an additional 60 days. The parties may agree on the record or in writing to a longer period of time.
- c. The arbitrator(s) may order any remedy, relief, or award, whether legal or equitable, that a Wisconsin circuit court judge could order.

9. Additional Provisions

- a. The arbitrator(s) shall dismiss the proceedings at any time upon the joint request of all of the parties. The parties may agree to keep any agreements and other terms of dismissal confidential.
- b. If there is an award of damages, costs or other relief, the unsuccessful party shall pay any amount set by the arbitrator(s) and shall comply with any other remedy or relief awarded by the arbitrator(s) within sixty (60) days of the written decision required herein unless the decision specifies a longer period of time, or an extension is granted in writing by the arbitrator(s), or as otherwise directed by a court with jurisdiction over the matter.
- c. By participating in the arbitration process, all parties understand that the successful party may file an action in the appropriate Circuit Court in Wisconsin for the sole purpose of enforcement of any award, remedy, or relief granted by said Arbitrator(s).
- d. All costs incurred by the enforcing party as allowed by law for the collection of a judgment shall be limited to the statutory costs as if the matter were being heard in a Circuit Court in the State of Wisconsin, and such statutory costs shall be added to such award, remedy or relief so collected by the enforcing party. Interest on any award, judgment, or order where money has been awarded shall run from the date of written award, judgment or order at the same rate as provided for judgments in the State of Wisconsin. Pre-judgment interest shall not be awarded. Attorney fees are not awardable; each party being solely responsible for their own attorneys' fees.
- e. Each of the various exhibits and written submittals shall be returned to the party filing it two (2) years after issuance of the decision or award, unless the parties shall jointly request retention for some shorter or longer period. In the event of such a request, the Independent Administrator shall determine the appropriate length of time to retain those materials. At a party's request, and with the concurrence of the Independent Administrator, any such materials may be destroyed rather than returned to the party.

10. Fees and Costs

- a. Any member filing a Demand for Arbitration or a counterclaim shall remit to the

Independent Administrator a filing fee in the amount of \$300 to defray the costs of the Independent Administrator's service. The filing fee shall be in the form of a personal or certified check or money order made payable to the Cooperative. The failure to remit the required filing fee shall result in the rejection of the member's Demand or counterclaim. The filing of such Demand or counterclaim without the required fee shall not cause the tolling or suspension of any statutes of limitation or repose that may be applicable to that member's claim(s).

- b. The Cooperative shall be responsible for covering all other costs of the Independent Administrator's service, and therefore shall not be required to pay any fee upon the filing of a Demand or counterclaim.
- c. Each arbitrator shall be paid at a reasonable rate, which may include reimbursement of the arbitrator's reasonable expenses, that is negotiated and agreed to by the Independent Administrator. A reasonable fee shall be paid to each arbitrator for each day of hearing and for days reasonably required to deliberate on the record and reach a decision or award. Each party shall pay an equal portion of the arbitrators' fees and expenses.
- d. Subject to the provisions of Paragraph 9(d), above, each party shall be responsible for their own expenses of arbitration, including without limitation, attorneys' fees, expert and other witness fees, and travel and lodging.

Jump River Electric Cooperative
Board Policy No. 22

Cooperative-Administered Dispute Resolution Policy

The following is hereby adopted as the policy of Jump River Electric Cooperative (“Cooperative”) for resolution of disputes that may arise between Cooperative and any of its members. This Policy and the more detailed procedures that are attached and incorporated herein, as authorized and provided for in the Cooperative’s Bylaws, apply to claims in which the amount at issue exceeds the dollar limit for Wisconsin Small Claims Court (currently \$10,000) and others claims that are outside of the jurisdictional limits of the Wisconsin Small Claims Court. All claims within the jurisdiction of the Wisconsin Small Claims Court are excluded from arbitration, unless all parties to the dispute otherwise agree.

The Board of Directors will attempt to settle any dispute or claim between the Cooperative and a member through negotiations. The Board may delegate negotiation and investigation authority to the CEO or legal counsel. After an attempt to settle the matter, if it appears to the Board that the parties are at an impasse, the Board will initiate Arbitration or notify the member of the procedure for the member to initiate Arbitration.

I. POLICY

A. Administration of Dispute Resolution

1. Any arbitration initiated under this Policy shall be administered by an Independent Administrator, chosen as described in this Policy and Attachment.
2. The Independent Administrator will undertake the responsibility to administer the procedures of Arbitration as established in Attachment A – “Arbitration Process,” which is incorporated into and made a part of this Policy.
3. The appointment of the Independent Administrator shall be confirmed by the Board to serve in that role for the pendency of the arbitration, in the following manner:
 - a. The General Manager/CEO shall identify an attorney (and, if applicable, the attorney’s firm) who has not represented the Cooperative in any prior legal matter.
 - b. The chosen attorney shall confirm that he/she and any law firm employing said attorney have no conflict of interest with either the Cooperative, current Board members or the Cooperative member bringing said arbitration demand. Serving previously as Independent Administrator shall not automatically disqualify the attorney or firm from selection for this role in a subsequent arbitration.
 - c. Once the chosen attorney has confirmed having no conflict of interest with either the Cooperative or the member and indicated that he/she is willing to undertake the duties as described herein, the CEO will give notice to the member of the choice.
 - d. The member may object to the appointment of the attorney as Administrator within 15 days of receiving notice of the appointment by stating written reasons for the objection. Should an objection be made, the Board will make

an objective determination of the merits of the objection. If the member's objections to the Administrator are upheld by the Board, the CEO will promptly make another appointment under the process described in this paragraph. If the Board determines that the objections raised by the member do not disqualify the Administrator from acting impartially in the arbitration, the Board will confirm the appointment.

4. If an Independent Administrator is unable to complete the duties described herein for any reason a replacement shall be named using the procedures described by paragraph 4 above.
5. No Independent Administrator shall also serve as an arbitrator in the pending matter and shall have no authority other than to administer the rules and procedures established in the Attachments to this policy.
6. The Independent Administrator shall be paid the hourly fee negotiated by the CEO plus reimbursement of reasonable expenses.

B. Appointment of Arbitrator

1. During the process of Arbitration, the Independent Administrator has the responsibility to secure the services of one Arbitrator to participate in the Arbitration process, in accordance with the procedures for selecting the Arbitrator described in Attachment A. If a single Arbitrator is unacceptable to the participants in the Arbitration, a process to select a panel of three Arbitrators is also provided in the procedures described in Attachment A.
2. The Arbitrator(s) shall be impartial as to all parties and qualified by experience or education in the subject matter of the dispute. Notwithstanding that experience requirement, a retired judge would ordinarily be deemed qualified regardless of the nature of the claim.
3. Compensation for Arbitrator(s) and Independent Administrator shall be established as set forth in Attachment A.

C. Representation

The Cooperative and the member may each, at its, his or her own expense, be represented by legal counsel or other authorized representative throughout the Arbitration process.

- II. **PROCEDURE:** See Attachment A for the Process and Procedure that will be followed by all parties involved in Arbitration.
- III. **RESPONSIBILITY:** When an arbitration demand is filed under this policy, the Board of Directors shall confirm an Independent Administrator to administer this policy. The General Manager/CEO shall be responsible for coordinating the process and procedure at the Independent Administrator's direction.

Arbitration Process and Procedures

1. Initiation of Dispute Resolution

- a. If efforts to resolve a dispute by agreement between a member and the Cooperative are not successful, arbitration may be commenced by either party in the following manner:
 - i. A party initiating arbitration (“Claimant”) shall file a written Demand for Arbitration (“Demand”) with the CEO of the Cooperative at the following address: 1102 W 9th St N, Ladysmith, WI 54848. The Demand for Arbitration shall consist of a statement setting forth in reasonable detail the nature of the dispute, the amount involved, if any, the remedy sought, and a return address and other contact information for the receipt of all papers relating to the arbitration. A sample form of such notification is attached as an exhibit to this Procedure. A filing fee as prescribed in these Procedures shall accompany any Demand filed by a member.
 - ii. Within 30 days of receipt of a Demand, the Cooperative shall give written notice of the filing of such a Demand to the Respondent, along with a full and complete copy of the Demand. When the member brings the claim, the Cooperative may use the member’s most recent address in the billing records of the Cooperative as to any notice required.
 - iii. A Respondent may file an Answering Statement, and if so filed, it must be filed with the Independent Administrator at the Administrator’s office within forty-five (45) days after the postmark (or equivalent) on the notice of the Demand from the Independent Administrator. The Respondent shall at the same time send a copy of the Answering Statement to the Claimant at the address set forth in the Demand. The Answering Statement shall include any admissions, denials or comments on the claims made in the Demand for Arbitration and a statement of the general nature of Respondent’s defense(s).
 - iv. If the Respondent believes it has a counterclaim against the Claimant, it may set forth that counterclaim in a Statement of Counterclaim, setting forth the nature of the counterclaim, the amount involved, if any, and the remedy sought. The Statement of Counterclaim shall be filed with the Independent Administrator and delivered to the Claimant with the Answering Statement (and may be included as a section of that Answering Statement). If a counterclaim is made by a member, that member shall forward to the Independent Administrator along with the Answering Statement the fee prescribed in these Procedures. The legal principles of claim and issue preclusion shall apply such that failure to make a Statement of Counterclaim may result in the waiver of claims.
 - v. If no Answering Statement is filed within the time allowed under this policy, the claim set forth in the Demand shall be treated as denied. Failure to file an Answering Statement shall not deny a Respondent the right to appear at the arbitration hearing and fully defend the claim. Failure to timely file a Statement of Counterclaim as authorized hereunder shall deny the Respondent the right to present evidence on, and request any relief or remedy with regard to, any such counterclaim at the arbitration hearing.

- vi. The Independent Administrator shall keep all dispute records separate from all other Cooperative records and it shall use reasonable efforts to keep all such records confidential, except as to the parties and as otherwise agreed by the parties to that dispute.

2. Appointment of Arbitrator(s)

- a. All claims, including counterclaims, shall be heard by a single arbitrator unless a party objects to a single arbitrator within 30 days of the time of filing of the answer to the pleadings. In the event of such objection, all claims shall be heard by a panel of three arbitrators, to be selected as prescribed herein.
- b. Arbitrators shall be impartial as to all parties and qualified by experience or education in the subject matter(s) of the dispute. Notwithstanding that requirement, a retired judge would ordinarily be deemed qualified regardless of the nature of the claims. The Independent Administrator shall make the determinations of the qualifications and impartiality of any arbitrators and the Independent Administrator's decisions on arbitrators' fitness to serve shall be binding upon the parties.
- c. Prior to the appointment of any arbitrators, the Independent Administrator shall contact prospective arbitrators to determine their impartiality and availability to arbitrate the dispute. If any party objects to the qualifications of an arbitrator, as prescribed herein, the Independent Administrator shall make further inquiry and make the final determination of whether the prospective arbitrator is qualified to serve. In determining the qualifications, impartiality, and availability of prospective arbitrators, the Independent Administrator shall adhere to the following guidelines:
 - i. The Independent Administrator shall ask prospective arbitrators whether each one will be available during the time period agreed to by the parties or otherwise determined by the Independent Administrator, will agree to serve if selected, and will agree to render a decision within a period of time to be specified by the Independent Administrator;
 - ii. The Independent Administrator shall inquire whether prospective arbitrators have any past or current relationship with any of the parties that could reasonably call into question the arbitrator's impartiality, and whether any other circumstances exist which could otherwise reasonably call into question the arbitrator's impartiality;
 - iii. In assessing the prospective arbitrator's qualifications, the Independent Administrator shall request and review a current resume or similar document attesting to the prospective arbitrator's experience and qualifications to serve as an arbitrator. Such document shall be made part of the official record of the arbitration. In the event that such resume or similar document is not available or does not sufficiently describe the prospective arbitrator's qualifications, or if the Independent Administrator otherwise deems it necessary or desirable, the Independent Administrator shall interview the prospective arbitrator and inquire about his/her experience and expertise (a) in industries relevant to the subject matter of the dispute; (b) with the relevant law to be applied; and (c) arbitrating or litigating similar disputes.

- iv. Arbitrators may be qualified to serve through any of the following ways:
 - 1. A minimum of ten (10) years of senior level business professional experience or legal practice pertaining to the subject matter(s) of the dispute.
 - 2. Training and certification by a nationally recognized dispute resolution certification program or association.
 - 3. An educational degree or professional license pertaining to the subject matter(s) of the dispute.
 - 4. Notwithstanding the above requirements, a retired judge would ordinarily be deemed qualified regardless of the nature of the claims.
- d. If the parties agree to have the matter decided by a single arbitrator, they may submit the name and information of any agreed arbitrator to the Independent Administrator for the approval of the Independent Administrator pursuant to the qualification criteria described herein. Should the parties not be able to agree to one person to serve as the arbitrator, the parties may submit the names of up to three (3) agreed-upon candidates to serve, and each may indicate the order of preference by which the arbitrator should be selected from these candidates. The name(s) of the arbitrator(s) for review shall be submitted to the Independent Administrator within thirty (30) days after an Answering Statement is filed with the Independent Administrator and served on Claimant, or if no Answering Statement is filed, within thirty (30) days after the deadline for filing such Answering Statement. Thereafter, if the parties have agreed on the person of a single arbitrator, the Independent Administrator shall make arrangements to retain the services of the agreed-upon arbitrator. If the parties have not agreed on which single arbitrator of the three agreed-upon candidates, the Independent Administrator shall make the choice and retain the chosen arbitrator. If either of the parties have demanded a three-arbitrator panel, the Independent Administrator will, based on the availability of the proposed candidates, engage the services of the panel in the order of preference indicated by the parties.
- e. The Independent Administrator shall notify the parties if no candidate submitted by the parties is available to serve as arbitrators on the three-person panel. The parties will then have thirty (30) days from the date of notification in which to nominate an arbitrator of that party's choosing, subject to the approval of the Independent Administrator regarding qualifications and impartiality of arbitrators, as defined in these Procedures. If any party fails to nominate its arbitrator within thirty (30) days of receiving notice from the Independent Administrator, the Independent Administrator shall nominate the arbitrator on behalf of the delinquent party.
- f. If a Panel will preside over the arbitration, after each party has nominated a qualified and impartial arbitrator as determined by the Independent Administrator, then the arbitrators nominated by each party shall mutually designate an additional arbitrator to hear the matter. The third arbitrator selected by the party-designated arbitrators shall serve as Chairperson. If available, the third arbitrator to be selected by the party-designated arbitrators shall be an attorney or a retired judge of the state or federal judiciary of Wisconsin, in either case possessing a minimum of ten (10) years' experience in the practice of law.
- g. When the arbitrator(s) are selected, the Independent Administrator shall send the Demand

for Arbitration, the Answering Statement, the Statement of Counterclaim, if any, and any other pleadings and correspondence to each of the arbitrator(s).

- h. Other than resolution of discovery disputes which shall be decided by the Chairperson as provided in Section 5, below, all actions of the Tribunal shall be by majority vote. At least two (2) Arbitrators shall be required for a quorum to proceed on any matter before the Tribunal.
- i. If either party has reason to question the impartiality or the qualifications of an arbitrator, the party shall file a written objection with the Independent Administrator, and the Independent Administrator shall proceed to review whether the challenged arbitrator is impartial and qualified. Parties who fail to file their objections with the Independent Administrator within thirty (30) days of (1) receiving notification of the designation of the prospective arbitrator, or (2) becoming aware of circumstances that reasonably call into question the arbitrator's impartiality, whichever occurs later, may be deemed to have waived such objections to the prospective arbitrator.
- j. If the Independent Administrator determines that the prospective arbitrator is not qualified or impartial, then the Independent Administrator shall disqualify that prospective arbitrator from serving and shall notify the parties of the same. An alternative arbitrator shall then be selected as provided by the following:
 - i. If the disqualified arbitrator was designated by a party, then the party who selected the disqualified prospective arbitrator shall have thirty (30) days from receiving notice from the Independent Administrator in which to designate an alternative arbitrator.
 - ii. If the disqualified arbitrator was designated by the Independent Administrator, then the Independent Administrator shall designate an alternative arbitrator within thirty (30) days of the disqualification of the initial arbitrator.
 - iii. If the disqualified arbitrator was designated by the party-designated arbitrators, then the latter shall designate an alternative arbitrator within thirty (30) days of the disqualification of the initial arbitrator.
- k. Such alternative arbitrator shall be subject to the same conditions to serving as applicable to an initial arbitrator, including the procedure and time limits for objections to the alternative arbitrator. The process for selecting an alternative arbitrator shall also apply in the event that an arbitrator is no longer able to serve for any reason, including disqualification, death, or resignation.

3. Date, Time and Place of Arbitration

The Arbitrator(s) shall set the date and time of the hearing as soon as it is reasonably possible after a meeting and consultation with the parties. Unless otherwise agreed to by the parties and the Arbitrator(s), the arbitration hearing shall be held at a reasonably convenient location designated by the Independent Administrator.

4. Representation

Any party may be represented by legal counsel or other authorized representative throughout the arbitration process.

5. Witnesses, Subpoenas, Discovery, and Applicable Authority

- a. The parties shall have such rights in regard to the taking of discovery as provided for by Chapter 804 of the Wisconsin Statutes, or any successor statutes. The arbitrator(s) shall have such authority to permit discovery and enforce the parties' obligations to provide discovery as would a Wisconsin circuit court judge. The parties shall also have full authority to compel the attendance of third-party witnesses as provided by law, including but not limited to Chapter 788 of the Wisconsin Statutes or any successor statutes. In cases presided over by a Panel, any disputes over pre-hearing discovery shall be submitted to and resolved by the Chairperson of the Tribunal, giving due regard to the nature and complexity of the Claim(s) and Counterclaim(s), if any.
- b. The arbitrator(s) have full authority to determine whether or not a particular issue raised by any party may be determined by the arbitration, including but not limited to the power to rule on the scope of the arbitration agreement and the arbitrator(s)' own jurisdiction.
- c. The arbitrator(s) shall resolve all disputes in accordance with Wisconsin substantive law and shall give full effect to the Wisconsin Rules of Evidence and statutes of limitation and repose arising under Wisconsin law, including barring of a claim where the applicable statute of limitations or repose would bar such claim in Circuit Court.
- d. Unless otherwise modified herein, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to impose time limits on any phase of the proceedings, to hold pre-hearing conferences and hearings to resolve matters that may arise in the arbitration, schedule pre-hearing motions, briefs and memoranda, and any other matters necessary for the proper administration and/or resolution of the arbitration.
- e. Unless otherwise modified herein, during any part of the proceedings, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to impose sanctions, award recovery of fees and costs, and take such other action to maintain the integrity of the proceedings.
- f. During any part of the proceedings, unless otherwise modified herein, the arbitrator(s) shall have such authority as possessed by a Wisconsin circuit court judge to determine all or a portion of the issues in dispute through summary adjudication (e.g. motions to dismiss or for summary judgment) determined upon the submission of documents and other evidence rather than through a live hearing.

6. Hearings and Other Proceedings

- a. Unless a dispute is fully resolved by summary adjudication as provided herein, all issues raised in the Demand for Arbitration, the Answering Statement and the Statement of Counterclaim, if any, and unresolved by summary adjudication, shall be determined through a hearing as provided in this section.
- b. A hearing shall be opened by the recording of the date, time and place of the hearing, and the presence of the arbitrator(s), the parties and their representatives, if any, and by the inclusion into the record of the Demand for Arbitration, the Answering Statement and the

Statement of Counterclaim, if any.

- c. If either party to the arbitration requests it, a stenographer certified to transcribe such a proceeding shall be appointed by the Independent Administrator for such purpose. Each party shall share equally in the cost of such service. The parties may agree on other forms of preservation of the record, including but not limited to tape recording, video recording or other forms of electronic preservation of the record.
 - d. The arbitrator(s) may, at the beginning and/or close of the Hearing, require or permit statements (orally or in writing), with the intent to clarify the issues involved.
 - e. The Claimant shall then present evidence to support its claim. The Respondent shall then present evidence supporting its defense and/or counterclaim(s). Witnesses for each party shall be sworn under oath by a person qualified to administer an oath and shall thereafter submit to questions or other examination as prescribed by the arbitrator(s).
 - f. The arbitrator(s) shall have the discretion to vary the procedure and order of evidence and witnesses, but shall afford all parties a full and equal opportunity for the presentation of any material and relevant evidence, including a reasonable opportunity to cross-examine the other party's witnesses and to rebut the other party's evidence. The arbitrator(s) shall apply burdens of proof in accordance with Wisconsin law.
 - g. Unless otherwise modified herein, the arbitrator(s) shall have such authority over the conduct of the hearing as possessed by a Wisconsin circuit court judge presiding over a civil trial, including but not limited to such matters as the applicability of privilege; the admissibility, relevance, materiality, and weight of evidence being offered; and the exclusion of witnesses from the hearing,
 - h. Exhibits, when offered by any party, may be received in evidence by the arbitrator(s). The Independent Administrator is responsible for maintaining the records, evidence and exhibits from the hearing as part of the official record of the arbitration.
 - i. The names and addresses of all witnesses and a description of the exhibits in the order received shall be made a part of the record and maintained by the Independent Administrator.
7. Communication with the Arbitrator(s)

Copies of all written or electronic communications to or from the Arbitrator(s) shall be served upon the Arbitrator(s) and all parties and a copy filed with the Independent Administrator at the Independent Administrator Office for inclusion in the official case record. Filing and service of such documents and communications may be accomplished electronically as directed by the Arbitrator(s) on a case-by-case determination. In no circumstances shall any party have *ex-parte* communications with any arbitrator on any matters concerning the case being arbitrated, except on matters of scheduling, in which case the arbitrator, at the earliest opportunity, shall discuss the scheduling matter with all parties.

8. Decisions

- a. A decision on the issues to be arbitrated shall be in writing and shall be signed by all arbitrator(s) joining in the decision. The decision shall state the legal and factual reasoning

upon which the decision rests, unless the parties agree otherwise. A member of the Panel who does not join in a majority decision may, but is not required to, issue a dissenting opinion.

- b. All decisions shall be issued by the arbitrator(s) within 60 days of the close of such hearing (or the receipt of post-hearing briefs, if allowed by the Panel). If the arbitrators unanimously agree that the complexity of the issues and the record require it, that schedule for issuance of the final decision or award may be extended up to an additional 60 days. The parties may agree on the record or in writing to a longer period of time.
- c. The arbitrator(s) may order any remedy, relief, or award, whether legal or equitable, that a Wisconsin circuit court judge could order.

9. Additional Provisions

- a. The arbitrator(s) shall dismiss the proceedings at any time upon the joint request of all of the parties. The parties may agree to keep any agreements and other terms of dismissal confidential.
- b. If there is an award of damages, costs or other relief, the unsuccessful party shall pay any amount set by the arbitrator(s) and shall comply with any other remedy or relief awarded by the arbitrator(s) within sixty (60) days of the written decision required herein unless the decision specifies a longer period of time, or an extension is granted in writing by the arbitrator(s), or as otherwise directed by a court with jurisdiction over the matter.
- c. By participating in the arbitration process, all parties understand that the successful party may file an action in the appropriate Circuit Court in Wisconsin for the sole purpose of enforcement of any award, remedy, or relief granted by said Arbitrator(s).
- d. All costs incurred by the enforcing party as allowed by law for the collection of a judgment shall be limited to the statutory costs as if the matter were being heard in a Circuit Court in the State of Wisconsin, and such statutory costs shall be added to such award, remedy or relief so collected by the enforcing party. Interest on any award, judgment, or order where money has been awarded shall run from the date of written award, judgment or order at the same rate as provided for judgments in the State of Wisconsin. Pre-judgment interest shall not be awarded. Attorney fees are not awardable; each party being solely responsible for their own attorneys' fees.
- e. Each of the various exhibits and written submittals shall be returned to the party filing it two (2) years after issuance of the decision or award, unless the parties shall jointly request retention for some shorter or longer period. In the event of such a request, the Independent Administrator shall determine the appropriate length of time to retain those materials. At a party's request, and with the concurrence of the Independent Administrator, any such materials may be destroyed rather than returned to the party.

10. Fees and Costs

- a. Any member filing a Demand for Arbitration or a counterclaim shall remit to the

Independent Administrator a filing fee in the amount of \$300 to defray the costs of the Independent Administrator's service. The filing fee shall be in the form of a personal or certified check or money order made payable to the Cooperative. The failure to remit the required filing fee shall result in the rejection of the member's Demand or counterclaim. The filing of such Demand or counterclaim without the required fee shall not cause the tolling or suspension of any statutes of limitation or repose that may be applicable to that member's claim(s).

- b. The Cooperative shall be responsible for covering all other costs of the Independent Administrator's service, and therefore shall not be required to pay any fee upon the filing of a Demand or counterclaim.
- c. Each arbitrator shall be paid at a reasonable rate, which may include reimbursement of the arbitrator's reasonable expenses, that is negotiated and agreed to by the Independent Administrator. A reasonable fee shall be paid to each arbitrator for each day of hearing and for days reasonably required to deliberate on the record and reach a decision or award. Each party shall pay an equal portion of the arbitrators' fees and expenses.
- d. Subject to the provisions of Paragraph 9(d), above, each party shall be responsible for their own expenses of arbitration, including without limitation, attorneys' fees, expert and other witness fees, and travel and lodging.
