Your Touchstone Energy® Cooperative 

Jump River Electric Cooperative Viasat *Seasonal Package Agreement* Customer Agreement Addendum

What is the “Viasat Seasonal Package”? Seasonal Internet service allows you to temporarily suspend your Satellite Internet until you are ready to use it again!

I agree to the following terms under this Viasat Seasonal Pak option:

- *My Viasat account will be suspended for a minimum of 1-month (30 days)- maximum 6-months (180 days) within a 12-month period for a reduced monthly rate of **\$14.99** during suspension.*
- *I agree to sign a 36-month minimum term customer agreement.*
- *Due to the 1st to the 31st billing cycles, suspension and reactivation may only occur as follows: All suspensions will occur on the last day of the month, prior to the month in which you would like your account suspended. (Example: Your account would be suspended as of September 30, if you did not want full service in October.) All reactivations will occur on the first day of the reactivation month. (Example: Your account would be reactivated on May 1, if you wanted full service during the month of May.)*
- *Reduced monthly service rates only apply while suspended. Monthly rate during full service months will be based on the monthly package option you select.*

PACKAGE SELECTION:

I would like to purchase the following monthly package, along with the seasonal package option.

Seasonal Pak:

\$14.99

I understand the conditions outlined above and agree to follow the guidelines outlined in the customer agreement and the seasonal pak I have selected above.
